DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 11/9/2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Patent Nos. 6,614,969 B1 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1 – 23 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 1, 9, and 18, for example, which include a medical imaging system having the cable including a plurality of signal transmission lines and each signal transmission line including a twisted pair of conductors, and conductors coupled for low voltage differential signal transmission and each conductor connected at a first end of transducer and at a second end to the base.

Art Unit: 2873

4. The following is a statement of reasons for the indication of allowable subject matter: The prior art fails to show transmitting at a data rate of at least 100Mbps per second and transmission lines are twisted pairs.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The closest prior art

Clark et al (5,821,466) discloses, a high-speed data communications cable has geometrically concentric layers of twisted pairs of wires.

Adair (5,329,940) discloses, fiber optic endoscopes are utilized in a variety of medical procedures.

Gilbert et al (2003/0176787 A1) discloses, a hand-held ultrasound system includes integrated electronics within an ergonomic housing.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
